PACKAGE 3

AUTONOMY

A package that provides the venue without any associated services. For those who wish to organize their wedding themselves and manage the service providers and the day's events within the framework of the operating and safety rules imposed.

SOLO

PACKAGE 3 - AUTONOMY

You are entirely free to choose not to use our packages and to plan and organize your wedding yourself.

However, renting without a package involves more restrictions that apply by default.

→ **Our involvement**

As a family business, we do not have enough staff to manage your service providers or create a personalized program.

Our involvement will be limited to helping you manage accommodations and providing information about reception rooms and areas. Any questions regarding service providers, decoration, or outside services should be addressed directly to the wedding planner.

MANDATORY SERVICES

→ **Wedding planneur**

In order to ensure that your wedding runs smoothly, **the services of our wedding planner are mandatory**. She offers three support packages. She will accompany you throughout your wedding and can help you organize everything. Her services range from €2,600 to €3,800 depending on the duration of the assignment and the number of guests. She offers optional services to find your vendors, officiate the ceremony, and design the decor.

→ **Technical advisor**

The **presence of our technical representative is mandatory**. He is responsible for ensuring that technical, logistical, and safety instructions are followed. He ensures that all equipment and the electrical network are functioning properly and can intervene in the event of a technical problem. This mandatory service is billed at a flat rate of €350 per evening.

PACKAGE 3 - AUTONOMY

COOKING ON SITE

→ **Le Pailler**

For insurance reasons, you are not permitted to use the kitchen and crockery at Le Pailler yourself. Only a professional caterer with insurance may use them under certain conditions (equipment, rented crockery, cleaning) and for a service charge of €150 per day. Any use requires a prior meeting.

→ **The cottages**

Home kitchens cannot be used during weddings, and homes cannot accommodate more people than those residing there for safety and insurance reasons.

→ **Reception furniture**

If you wish to use our indoor and outdoor reception furniture, a flat rate of €650 applies. This furniture includes: 5 rectangular tables, 40 chairs, 1 catering table, 4 wrought iron garden sets with 10 chairs, 7 wooden benches.

RESPONSIBILITIES

→ Waste management

You must ask your service providers to completely remove all reception waste (food, recyclables, and glass) upon check-out. Failure to do so will result in a flat fee of €500.

→ Corkage fee

A corkage fee of €5 will be charged per bottle. There is no corkage fee if you order wines and sparkling wines from the estate's wine cellar. Applies to wines and sparkling wines only.

→ Tidying up

The interior and exterior spaces must be left clean and free of any waste. Failure to comply will result in a flat fee of €500 being charged.

→ Insurance

When the customer organizes a private event themselves, they agree to take out event insurance covering the organizer's civil liability and damage caused to third parties or property on the premises.
